

LIFT TRUCK OPERATOR SAFETY TRAINING

FCBF ALL-LIFTS training
now available all year long.

FCBF

****We cover the entire State of Florida**
(Some restrictions apply)

Aerial-Lift Training (includes: Scissor Lifts, Boom Lifts, and any Aerial Work Platforms)

This training is designed to be general in nature since it covers safe operating procedures for all types of aerial

~* other trainers charge up to \$1000 per person/training compared to FCBF \$65 members - \$95 non members *~

Do you need a job? - Would you like to receive new training? - **AT HALF THE COST**
Our program addresses key training issues, including forklift fundamental and operating safety guidelines, available in both English and Spanish speaking classes.

Highly qualified trainers offer you the maximum quality of training in our industry. Our program includes both State and Federal Certifications. We will assist you to comply with Federal Occupational Safety and Health Administration (OSHA) training regulations for powered industrial trucks.

• Did You Know That Your Employees are Required to Carry a License to Operate a Lift Truck?

Send your lift truck operators to an OSHA certified FCBF Training & Certification class

- How often should a lift truck be inspected?
- How much does your lift weight when sitting empty?
- Do you know what can happen when the lift truck's center of Gravity moves outside its stability triangle
- How often should lift truck operators be trained?

• Improve Workplace Safety, Prevent Disaster, Enhance Efficiency

After taking an Operator Safety Training Course, operators will know:

The characteristic of a professional operator

- How to identify key components and their functions
- The information contained on vehicle capacity plates and how they affect vehicle operation
- Safe operating procedures when traveling, handling loads and working in aisles
- The appropriate action in case of a tip over
- How to perform a preoperational walk-around inspection
- The Importance of studying the lift truck's operator manual

All classes must be prepaid in order to attend

Acceptable forms of payment are cash, checks or credit card (VS, MC, or AMEX only)
No-shows will be billed. No cancellations within 72 hours of the event.

Part 1910.75/Powered Industrial Trucks (iii) page 153:

"An evaluation of each powered industrial truck operator's performance shall be conducted at least once every three (3) years"

Employer's failure to provide proof of training & certification of their employees at time of OSHA inspection/investigation (if an incident occurs) can result in a fine of \$7,000 per operator.
